AKAY BIOACTIVES

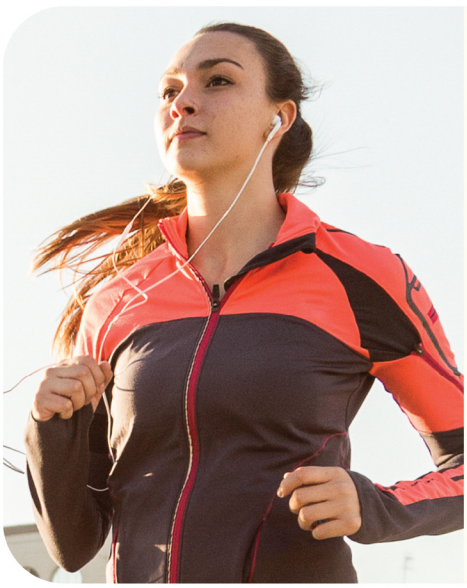
Capsifen®

Proprietary and clean capsaicinoid complex with FenuMat® technology. Clinically substantiated to support weight management.

- Clinically substantiated to support weight management
- Proprietary FenuMat® technology
- Unique delivery of bioavailable capsaicinoids
- Clean label and water-dispersible formulation
- Responsibly sourced with full traceability
- Low dosage of 100 mg once or twice per day

Capsifen® is a patented and unique red chili pepper complex made from *Capsicum annum*, and is standardized to safely deliver potent bioactives known as capsaicinoids. Formulated with FenuMat®, Capsifen® provides a pungency-free experience and ensures a consistent slow release of bioactives to the intestines, enhancing overall bioavailability. With two compelling clinical studies behind it, Capsifen® supports thermogenesis, satiety, appetite control, and fat metabolism. Capsifen®'s safety, efficacy, and unique mechanism of action have been substantiated to support healthy weight management. Discover the power of Capsifen® as the preferred ally for healthy weight management.

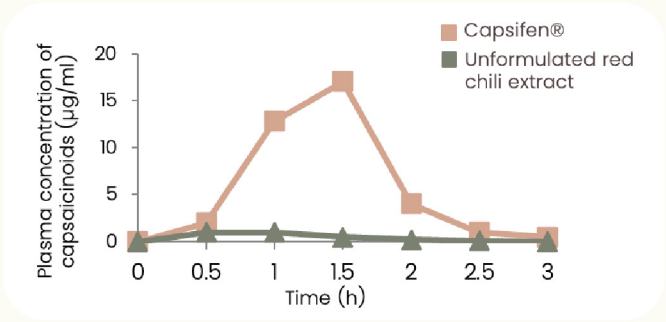
CLINICALLY SUBSTANTIATED HEALTH OUTCOMES



- Promotes energy expenditure and fat oxidation
- Controls satiety and appetite
- Supports healthy weight management

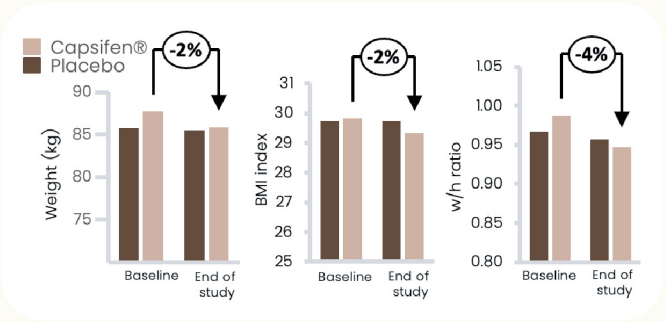
CLINICAL DATA

Bioavailable.



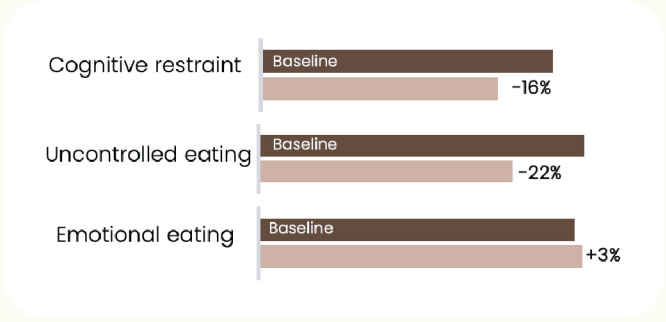
Clinically proven for 19x better bioavailability of Capsifen® versus unformulated red chili extract.

Weight management.



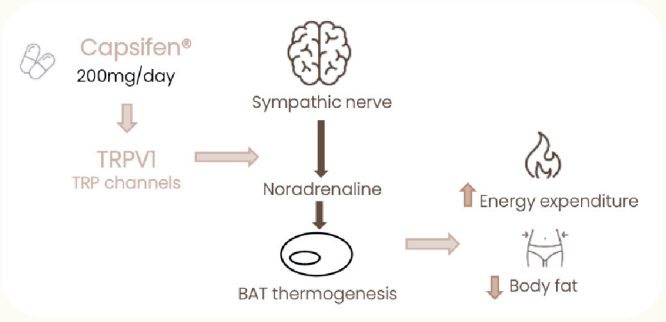
Capsifen® administration has showed significant reduction in anthropometric parameters .

Eating behavior.



Significant reduction of appetite and increase in satiety with Capsifen® supplementation.

Mechanism of action.



Neural and endocrine mechanisms for BAT (brown adipose tissue) thermogenesis activated after capsaicinoids intake.

APPLICATIONS

Capsules

Tablets

Stick packs

Clean label | Vegan | Non-GMO | Kosher | Halal
